

WATER JPI 2018 JOINT CALL

Closing the Water Cycle Gap – Sustainable Management of Water Resources

TIMELINE FOR THE TWO-STEP APPLICATION PROCESS

CALL DESCRIPTION AND SCOPE

This joint call aims to address research and innovation to support the implementation of EU water policy, on the thematic area “Closing the Water Cycle Gap” of the [Water JPI Strategic Research and Innovation Agenda](#). In many regions, it may be difficult to reconcile water supply and demand both in terms of quantity and quality, but also in terms of space and time. Closing the water cycle gap refers here to bridge the gap in “supply – demand” through the three following themes:

- Enabling Sustainable Management of Water Resources;
- Strengthening Socio-economic Approaches to Water Management; and
- Supporting tools for sustainable integrative management of water resources.
