Business Administration

Rafaella Hadjicosti
Product & Industrial Design

Antonios Inglezakis
Electronics &
Software Design

Christos Dekatris
Frontend Engineer

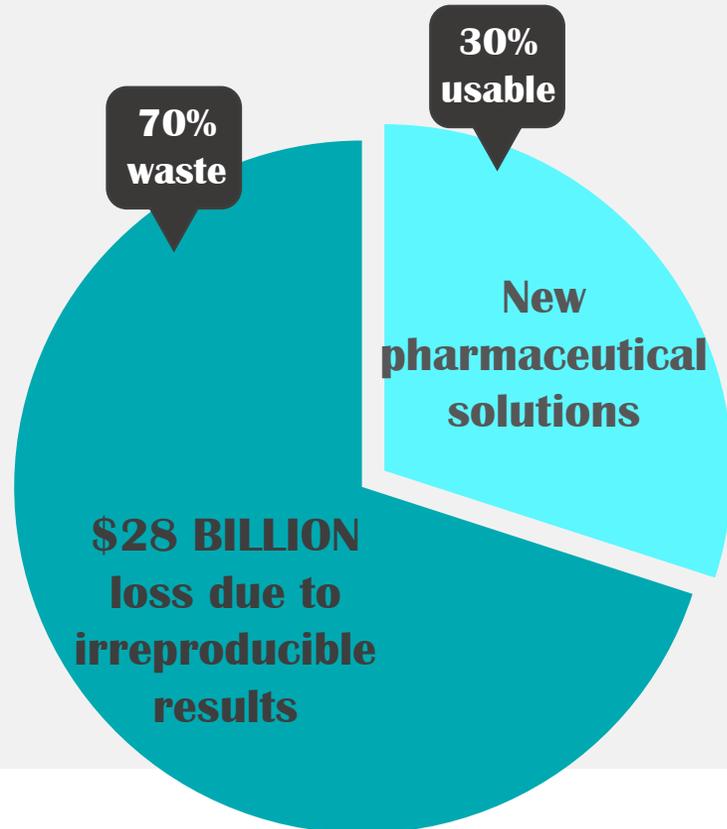

Constantinos Odysseos
Industrial Design &
Manufacturing

THE PROBLEM

>350,000 Scientific publications each year

70% of published data are NOT reproducible

\$28 Billion Loss in irreproducible results

THE SOLUTION

01 **Versatility** for automation of multiple protocols

02 **Autonomy** increases capacity by >3 times

03 **Compact Size**

04 **Attractive Price**

Automation of Everyday
Benchwork in Life-Science Research
AutoMated GENERAL Laboratory
(**AMGEL** Robot)
