

**European CAP Network
Brokerage event
“Accelerating
the innovation process
through Horizon Europe multi-actor
projects”**

DRAFT AGENDA

Update 25 July 2023

19-20 October 2023

City to be confirmed, Belgium

Innovation and Knowledge exchange | EIP-AGRI

Funded by
the European Union

This event will be dedicated to matchmaking and networking amongst researchers, innovators, entrepreneurs, advisors, practitioners, in particular farmers and foresters, Horizon National Contact Points, and other experts from various agricultural sectors to support the preparation of high-quality proposals for the upcoming Horizon Europe calls with multi-actor approach in the field of agriculture, forestry and rural areas.

The EU CAP Network brokerage event will provide you with the opportunity to:

- Network by creating an exchange forum for interactions, fostering connections and collaborations among participants from different sectors and backgrounds.
- Exchange experiences, best practices and insights on preparing high-quality project proposals with an effective multi-actor approach through presentations and interactive breakout sessions.
- Share project ideas, identify potential partners for a consortium applying to the Horizon Europe calls for proposals requiring multi-actor approach.

This brokerage event will focus on multi-actor approach topics related to agriculture, forestry and rural areas under the Horizon Europe Cluster 6 “Food, bioeconomy, natural resources, agriculture and environment” 2024 calls.

The breakout sessions on the first day will focus on the following calls:

- Biodiversity-rich farming systems
- Organic farming
- Forestry
- Livestock systems
- Plant health
- Climate action: water & paludiculture
- Rural communities
- Digital & data technologies: robotics & augmented reality
- Bottom-up AKIS

You can find all relevant topics on the above calls [on the event webpage](#).

Draft programme outline
