##### Description of the (Research) Team

Fundació Bofill is a private cultural foundation created in 1969 and based in Barcelona. We are a think-and-do-tank that promotes research, debates and initiatives to generate educational opportunities and combat social inequalities.

We work in 5 strategic lines:

- Create EDUCATIONAL COMMUNITY based opportunities. Promote public policies that guarantee access to extracurricular activities outside school for all vulnerable groups.
- Fight against SCHOOL SEGREGATION. Ensure the proper implementation of public policies against school segregation in municipalities, included in the catalan agreement against school segregation.
- Prevent SCHOOL DROP-OUT. Promote a national plan against leaving school early involving organisations, municipalities, schools and the public on a platform that promotes initiatives to prevent and reverse this challenge.
- Transform DISADVANTAGED SCHOOLS. Advocate for policy makers to invest more in vulnerable schools and achieve their educational transformation.
- Create more and better DIGITAL OPPORTUNITIES. Forge alliances to drive digital equity initiatives and promote public policies aimed primarily at the most vulnerable people and groups.

We develop different initiatives with an active network of more than 300 partners (municipalities, NGOs, schools, etc).

### Expertise of the Team Leader

Depend on the topic.

However, our main value proposition is not developing research but transferring research to key stakeholders and policy-makers.

### Potential role in the project

☒ **Research**

☐ Training

☐ Dissemination

☒ **Other: *Transfer research to stakeholders and policy-makers***
